

WALKS AROUND BASTEI

2 STADT WEHLEN - RAUENSTEIN ROCK - RATHEN

In Stadt Wehlen (left of the Elbe) from the railway station head in the direction of Pötzscha. After a short stretch up the hill along the road, turn left in the direction of Rauenstein/Naundorf |Y|. Rauenstein Rock can be reached in various ways – we recommend that you stay on the yellow route (climbs with steps). Rauenstein Rock is farmed in season. After climbing up over the eastern side you'll end up at the foot of Rauenstein Rock on the edge of the forest with two paths in the direction of Rathen.

The yellow route |Y| takes you over a field path towards Weißig and under the road towards Rathen. The red route |R| takes you through the forest past the Laasenstein Rocks down the hill to Rathen. Here we recommend finishing the tour with a visit to the Rathen railway world (🚂🚗🚂) (opposite the car park on the Elbe).
